This bibliography contains a listing of books that are available at the John F. Kennedy Institute Library. It is not a complete listing of all relevant books relating to the fields of Black Popular Culture, Chicano Culture, and Native American Culture. Primary sources such as novels, records, and videos produced by non-white writers, artists, and musicians are not listed because this is meant to be a compilation of secondary texts. However, you will find a wide selection of magazines, general reference books, handbooks, dictionaries, encyclopedia, and interpretive works -- respectively, their call numbers -- based on the holdings of the John F. Kennedy Institute Library.

The Kennedy Institute Library call number is at the very end of each entry. The books marked with an "X" are on reserve in the reading room. (Lesesaal) "Ztsm" means "current issues available for reading in the Kennedy Library *"Zeitschriftenleseraum ."*
